Ithaca, N.Y.

Dear Mr. Brown:

In a recent letter, Professor Andrews informed me that he had communicated your selection for the membership in this Society which is awarded annually to one of the pupils of your class. Your name was presented at the last meeting of the Council, and I am very glad to welcome you as an Associate Member.

I hope you will find it convenient to call at our Museum when you are again in New York - please make yourself known, so that either Mr. Wood, our Curator, or I may greet you. We should be very happy to show you any section of our library or collections that may be of interest to you.

Very cordially yours,

Secretary
